Review	Plan
What do I want or need to learn in the next 12 months?	What learning activities will I do to achieve this in the next 12 months?
I have identified and applied for training on the Assisted Decision Making (Capacity) Act 2015 to further enhance my learning in this area.	I will specifically seek out opportunities for applying my learning in relation to Assisted Decision Making (Capacity) Act 2015 including attendance at webinars, review of resources on the SCIE website and discussion in supervision
Re Racism Webinar Identified further links and books to enhance my learning in this area.	I want to expand my confidence in addressing issues of race and ethnicity in practice. My plan is to create opportunities for dialogue and discussion e.g.in supervision, possibly a team book club to discuss relevant literature, attendance at one webinar at least during the year.
Challenges and opportunities relating to multi-disciplinary practice	I want to expand my knowledge to inform my practice teaching specifically relating to more critical understanding of MDP. I plan to make connections with colleagues from other disciplines at work to explore how we could do some joint CPD sessions around understanding professional roles and responsibilities.
